#STOPWOUNDINFECTIONDAY
Thursday 21st October 2021

Be a part of the first international Stop Wound Infection Day (SWID) by showcasing your research, technologies and initiatives on social media.

We want everyone to get involved: clinicians, clinics, wards, hospitals, charities and industry manufacturers.

Get started by accessing and sharing:

- [#StopWoundInfectionDay](#) campaign materials
- [Wound Infection Awareness](#) graphics

ALL RESOURCES

The Resource area will be updated throughout the campaign with new and exciting content for you to digest and share. Available now is a range of digital and printable resources to start using and sharing!
